

Getting Started with Maven Walkthrough

1. In Eclipse Select **File** → **New** → **Project...**

Under **Maven** select **Maven Project** and click **Next**.

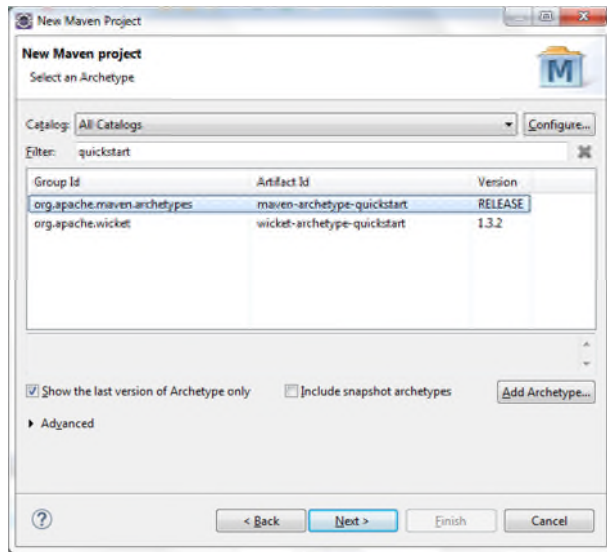

Click **Next** again.

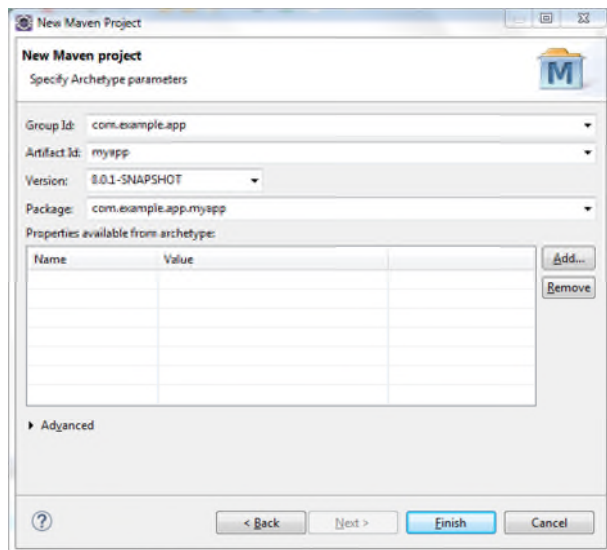

Getting Started with Maven Walkthrough

Type **quickstart** in the filter field and select **maven-archetype-quickstart** and click **Next**.

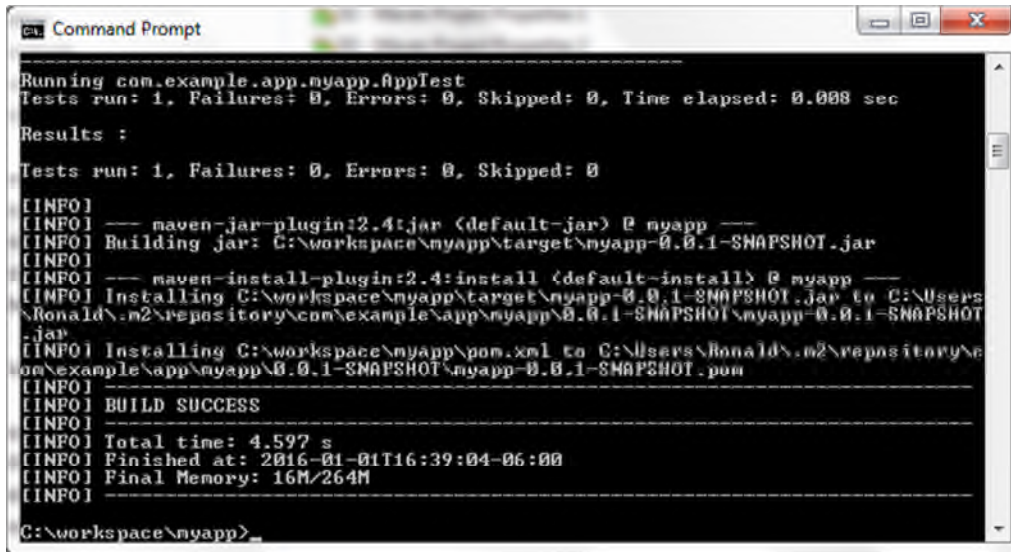

In **Group Id:** put **com.example.app** and in **Artifact Id:** put **myapp** then click Finish.

Getting Started with Maven Walkthrough

2. Open **Command Prompt/Terminal** and navigate to the **myapp** folder in your workspace.

Type: **mvn clean install**

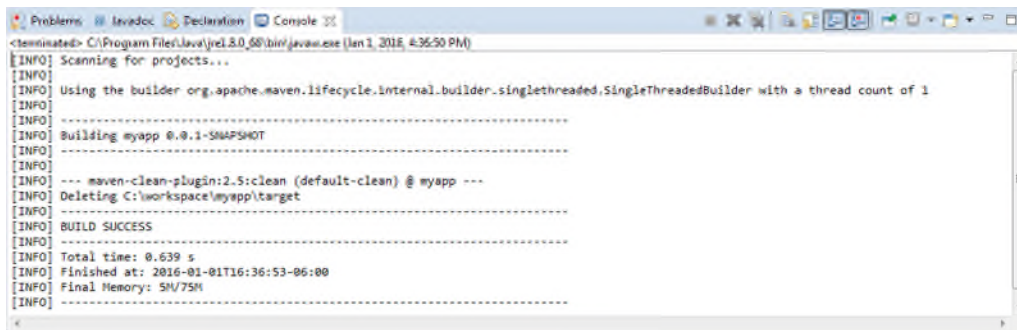

```
Running com.example.app.myapp.AppTest
Tests run: 1, Failures: 0, Errors: 0, Skipped: 0, Time elapsed: 0.008 sec

Results :

Tests run: 1, Failures: 0, Errors: 0, Skipped: 0
